

Asthma Inhalers at School

Memorandum to Parents

Please complete the attached form and return it to the school nurse. If any changes occur during the year, please notify the nurse.

Option#1 The student comes to the Nurse Clinic where the inhaler is kept, and uses it under supervision. The advantage is that the medication will be used correctly, in the proper amount, and records will be kept.

Option #2 Qualified students will be allowed to carry their inhalers. This provides immediate accessibility of the inhaler to the student. A spare inhaler provided by the parent can be kept in the Nurse Clinic should they forget theirs or run out.

Peak flow meter with individual mouthpieces are available.

CONTRACT BETWEEN STUDENT, PARENT, NURSE AND DOCTOR

For permission to carry inhalers:

- 1. Student has demonstrated to the nurse correct use of inhaler
- 2. Student agrees to never share the inhaler with another person.
- 3. Student agrees that after two puffs, if there is not marked improvement, he/she will go to see the nurse immediately.
