

If you are dropping off or picking up any US students, use the Blue carline for all your students.

If you are dropping off or picking up only 3rd, 4th, and/or 5th graders, use the White carline.

If you do not have one of the above, use the Green carline for drop off and pick up (students in various LS grades, but without US siblings).

Yellow dashes indicate walking route for student drivers and siblings.

Revised 8-14-2018
