

# Tens Don't Count

**Concept:** Addition within 10

**Materials:** Deck of number cards

**Number of Players:** 2 or 3

**To play:** Players take turns drawing 7 cards. Players look for combinations that make 10 and set them aside. Tens don't count! Players find the sum of the remaining numbers. The player with the lowest sum wins a point for the round. Play continues until time is up or a designated number of rounds have been completed.
